Office Memorandum • UNITED STATES GOVERNMENT

TO : MID- Mr. Raymond Leddy

DATE: June 29, 1954

FROM : SA Joseph M. Wysolmerski

VIA : SCA- Mr. McLeod

SUBJECT: Information obtained from FBI concerning Guatemalan Situation

The following information was obtained at 6:10 p.m. from SA Sterling Donahue, Liaison, Federal Bureau of Investigation, the information having been furnished to the FBI at about 5:00 p.m. by a confidential source of known reliability:

"Col. Elfego Monzon contacted the Guatemalan Embassy and spoke to Col. Enrique Peralta Azurdia and told Peralta that the airplane bearing the Peace Committee would not be allowed in Guatemala City because of the fighting which had created a dangerous situation. Peralta said that the airplane had already left and Monzon said yes, but we have notified Mexico City."

The FBI beleives that the reference to the Peace Committe is actually the Inter-American Peace Committee of the Organization of American States.

The above information was furnished orally to Mr. Hill of Mr. Leddy's office at 6:15 p.m.
